What Types of Changes Can I Make to My Alaska Airlines Flight?

Alaska Airlines allows six types of modifications to existing bookings: date changes, time changes, route/destination changes, cabin upgrades, name corrections, and adding special services. Each type follows different rules and processes. The fastest way to make any change is to call **1-844-833-0072** -- a single agent handles all six types in one call. Below is a detailed guide for each type.

1-844-833-0072 -- Any type of change. One call. Available 24/7.

Can I Change My Alaska Airlines Flight to a Different Date?

Yes. Date changes are the most common modification. No change fee on Economy and above. Fare difference applies if the new date is priced higher. Call **1-844-833-0072** and provide your confirmation code, current flight details, and preferred new date. The agent searches available flights on the new date and presents options with fare differences. You choose the best option and the agent processes it immediately. The entire call takes 5-10 minutes. You can also change dates through the Alaska Airlines app or website, but phone agents can search a wider range of options and offer advice on which dates have the lowest fares.

Can I Change My Alaska Airlines Flight to a Different Time?

Yes -- two options. **Same-Day Standby** (free): waitlist for a different departure on the same day and route. Board if a seat opens. Available on all fare classes. **Same-Day Confirmed Change** ($50): guaranteed seat on a specific different flight today. Free for mvp gold and above get this free. For a time change on a different day, the process is the same as a date change -- no change fee, fare difference applies. Call **1-844-833-0072** to request either option.

Can I Change My Alaska Airlines Flight to a Different City?

Yes, but it is processed as a cancel-and-rebook. Your original itinerary is cancelled (with wallet credit or refund based on fare class), and a new ticket is booked to the new destination. The fare difference between the two itineraries applies. This is the most complex type of change and is best handled by phone -- call **1-844-833-0072** so the agent can process both transactions seamlessly, ensuring no value is lost and your Mileage Plan number carries over.

Can I Change the Cabin Class on My Existing Alaska Airlines Booking?

Yes. Cabin upgrades are available on most Alaska Airlines flights subject to availability. Options: (1) Cash upgrade -- pay the fare difference between cabins. (2) Mileage Plan miles upgrade -- redeem miles to move up. (3) Complimentary upgrade -- available to MVP Gold 75K and above based on availability, typically assigned at check-in or gate. Upgrade pricing varies by route and demand. Call **1-844-833-0072** to check availability and pricing for your specific flight.

Can I Correct the Name on My Alaska Airlines Ticket?

Alaska Airlines allows minor name corrections without fee: typos, missing middle names, legal name changes after marriage/divorce. The name must substantially match the same person -- transfers to a different person are generally not permitted on non-refundable tickets. Call **1-844-833-0072** with your confirmation code and the correct name spelling.

Can I Add Special Services to My Existing Alaska Airlines Booking?

Yes. You can add wheelchair assistance, unaccompanied minor service, pet in cabin, special meals, and other services to an existing booking without changing the flight itself. Most of these additions are free (wheelchair, special meals) while others have fees (pet in cabin, unaccompanied minor). Call **1-844-833-0072** to add any special service -- some can only be added by phone.
